

Keeping It SAFE Coalition
Keeping Students Safe During Prom & Graduation Season
Do you know if your student is with a limousine company that uses these guidelines?

Individual limo companies have policies that may differ from this page

Parents are urged to check with the Maryland Limousine Association or the Public Service Commission with any questions or concerns.

Zero Tolerance

These companies take a zero tolerance approach to alcohol, tobacco, and drug use. Any offender will be removed from the limousine, the contact parent will be called, the offender's parent(s) will be called and the evening will end.

Safety

Limousine service is a safe way for students to travel to proms and graduation activities. Students are afforded a sense of independence and glamour while still being “supervised” by an adult

Contact Parent

Throughout the evening limousine drivers call the contact parent to keep them apprized of the evenings progress.

Peace of Mind

- ~ The Limousine service provides parents/guardians with the peace of mind of knowing their student(s) is with an adult who is looking out for their well being.
- ~ Students are only transported to destinations that are pre-specified by the adult that makes a contract with one of the partnership companies.
- ~ Contracts are not made with anyone under 18 years of age.
- ~ No back packs are allowed in the limousine. All back packs are kept in the trunk until the last drop off.
- ~ No change of clothes bags
- ~ All policies are reviewed with the student before they enter the limousine.
- ~ One pick-up location per contract to eliminate opportunities to “smuggle” zero tolerance items into the limousine.
- ~ No additional passengers allowed in the limousine. If a student is not in the original party, they are not allowed in the limousine.
- ~ Beverages will not be allowed in the limousine
- ~ No hotel drop offs
- ~ There may be additional cleaning fees or vehicle damage fees
- ~ Check with company for policies regarding lost or theft of personal belongings
- ~ Check with company for policies regarding payment expectations, refunds, etc.

The Keeping It SAFE Coalition is not responsible or liable for the business practices of the following companies.

**The following Limousine Companies successfully completed the
Keeping It SAFE Coalition training in March 2011**

The training covered the Maryland alcohol and drug laws and consequences, alcohol and drug use indicators, current teen trends, and helpful company policies and procedures regarding the transportation of clients under the age of 21.

This is not an endorsement.

Many Limousine Drivers in the State of Maryland must possess a passenger for hire license issued by the Public Service Commission. Most vehicles operating as a limousine must be licensed and inspected by the Public Service Commission. All drivers are finger printed and subjected to state and/or federal background investigations. Public Service Commission agents make unannounced inspections during the prom/graduation season.
